STATEMENT

Naming Parks and Reserves

Naming proposals for parks and reserves should conform to the naming policy and include clear identification of the property to be named. All such proposals must be submitted by local government or through local government.

The approval of the Minister for Lands is not required; however the Department of Land Administration must be advised of all names assigned.

1. General Guidelines

- Priority will be given to the naming of parks and reserves to maximise the identification of that park or reserve within an area.
- Names that commemorate or may be construed to commemorate living persons will not be considered for parks or reserves.
- Proposals to name parks or reserves should include evidence of community support for the name. This support can be ascertained by some of the following:

- Advertising proposals to name parks and reserves in local papers, inviting comments.
 - Erection of signs on the park reserve, advising of the proposed name in writing.
 - Advising local sporting clubs/associations of proposed names and requesting their comments.
- For personal names, the person being honoured by the naming should have either had a direct long-term association with the area, or have made a significant contribution to the area of the proposed park or reserve, or the State.
 - Recognition of significant Indigenous persons and/or families from Kalgoorlie-Boulder who have contributed to the long term well being of their community must have cultural acceptance by the family before naming.
 - Service to the community or organisation must have been voluntary. Given names may be included, as part of the naming proposal, and given and surname combinations are acceptable.
 - Outstanding individual achievement by a person deemed to have a strong link to Kalgoorlie-Boulder in the highest competition applicable to their respective sporting pursuit will be accepted.
 - The names of living persons are acceptable except for those persons holding any form of public office.
 - If in the event the name in question is already represented in the way of street naming or similar within the municipality then the name will not be considered.

2. Naming of Ovals, Pavilions etc.

- Components of reserves (e.g. pavilions, ovals, gardens etc.) may be named in honour of living community members who have contributed towards the establishment of the particular feature or towards the community in general.
- The approval of the Minister for Lands is not required for such names when the park or reserve has already been named as a whole. The Department of Land Administration should be informed of the name if it is to be included on maps.

3. Renaming of Parks and Reserves

- Names chosen for parks and reserves are expected to be permanent and renaming is discouraged. If renaming is proposed due to some exceptional circumstance, the general guidelines will apply.
- Evidence of substantial community support for a change of name must be provided.

4. Selection Process

Upon the development of a new facility or the request to consider renaming of an existing facility, the City's appointed Sport and Recreation Committee will research appropriate naming options and make recommendation to Council for resolution. This undertaking will be in accordance with the guidelines as set out by the Geographic Naming Committee and the City's Naming of Recreation Reserves or Facilities Policy.
