

# POLICY: ENG-ES-004

## CONTRIBUTION TO VERGE PAVING

### PURPOSE

The purpose of this policy is to reinforce the City's commitment to contributing to the improvement in aesthetics and amenity of the verges within the City (particularly those servicing commercial premises)

- Detail eligibility for the financial contribution to verge paving.
- Adopt a paver type colour and style for paving of verges.
- Details the City's financial contribution to verge paving.
- Detail financial and administrative procedures.

### DEFINITIONS

### STATEMENT

#### **Verge Paving – Council Contribution**

In recognition of the value that paving certain verges has in improving the aesthetics and amenity of the municipality, the City of Kalgoorlie - Boulder will consider a contribution to the cost of paving a verge within the municipality subject to the following guidelines:-

#### **1. Eligibility for contribution.**

The City will contribute to projects adjacent to properties in the CBD areas of Kalgoorlie and Boulder as defined on the attached maps. No referral to Council is required.

Properties outside the CBD's will have their requests presented to Council for consideration. As a general rule only commercial or community facilities will be considered.

#### **2. The type, style and colour of pavers.**

With the exception of the existing CBD's recent Streetscape, BGC Blokpace, Newpave 200mm \*200mm \* 60mm concrete non-trafficable paver (or equivalent) using Federation Red for the infill and Charcoal for the property line and back of kerb header courses will be

used for all areas.

### **3. The City's financial contribution.**

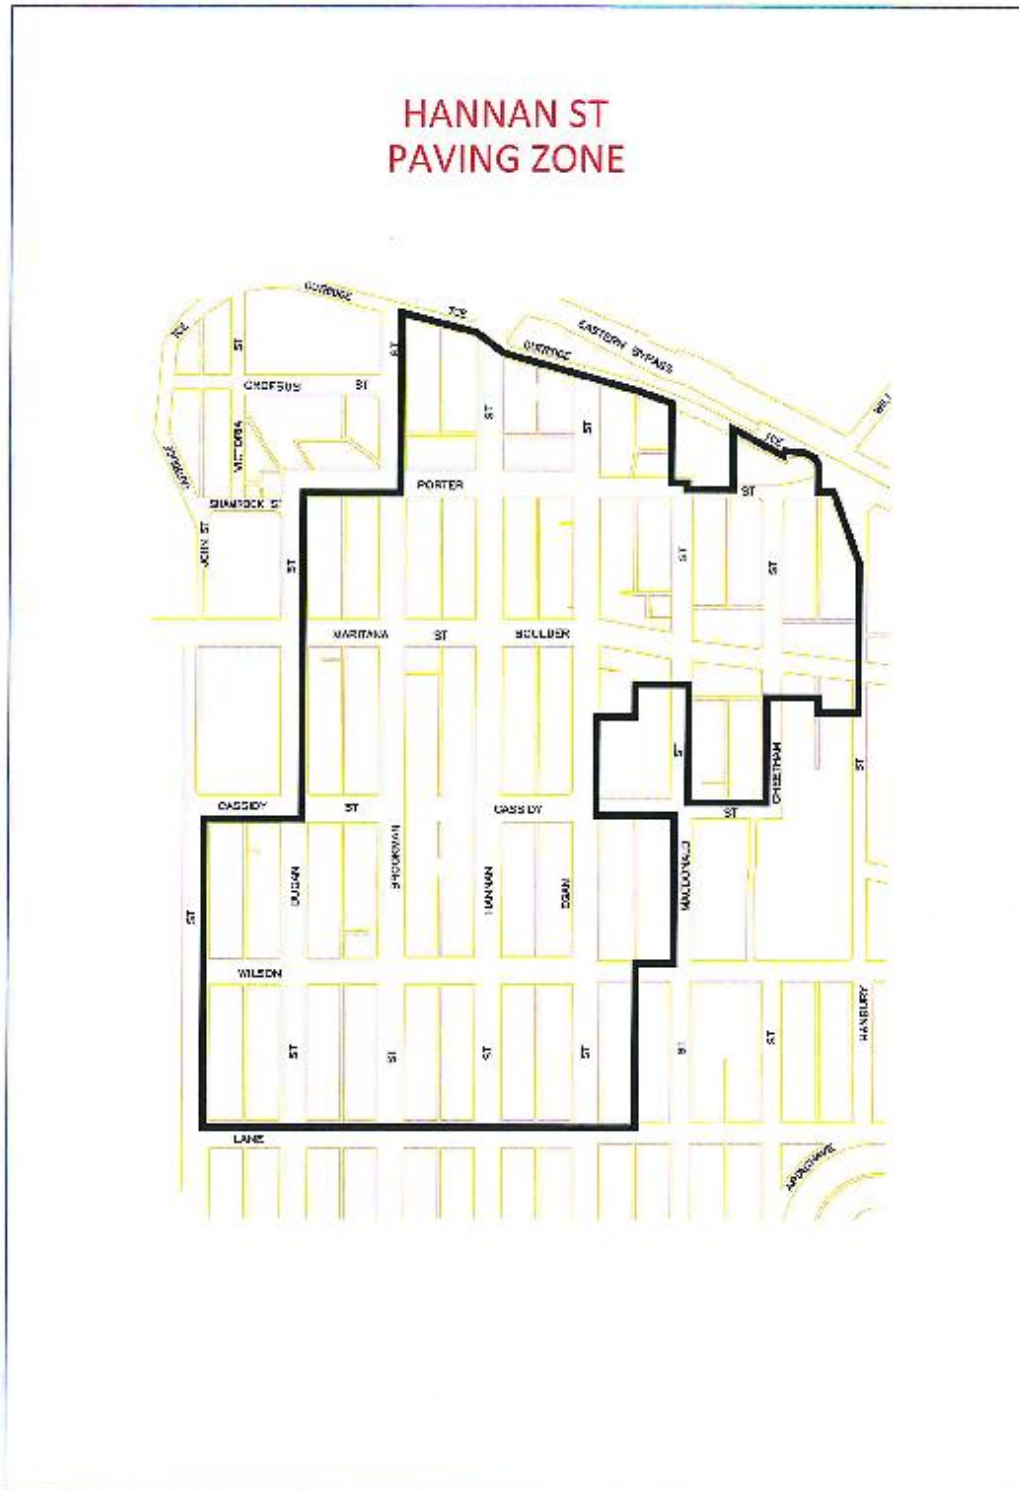

The City will contribute 50% of the actual cost of the project for all approved properties. Council will set a budgetary limit each financial year and projects will be funded on a first in basis each financial year.

### **4. Council supervision of the project and financial procedures.**

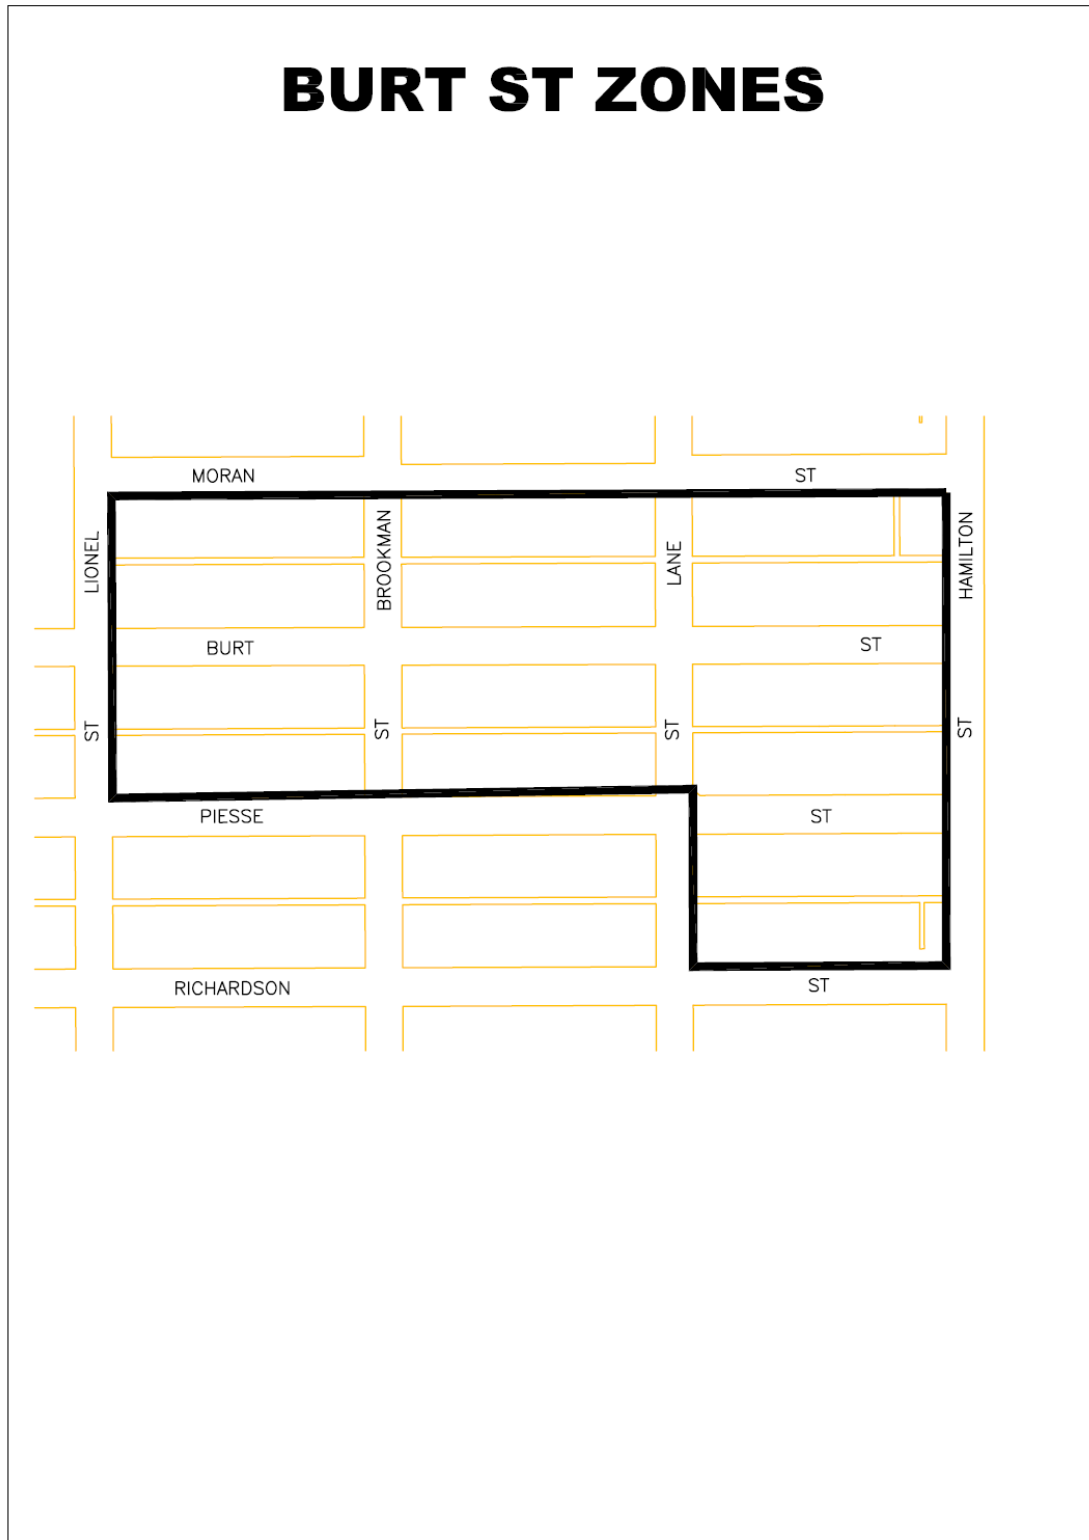

The City's engineering staff will co-ordinate and supervises the entire project, including the purchasing of the pavers and the appointment and supervision of paving contractors (or day labour if appropriate).

The applicant will be provided an estimate of the cost or the works and required to sign a private works request prior to any work commencing.

On completion of the works the applicant will be charged 50% of the actual final cost.
