

International Day of People with Disability Community Event

Social Story

A social story for attendees to help prepare for our community event.

City of Kalgoorlie Boulder

I am planning to go to the International Day of People with Disability Community Event at Hammond Park.

There will be lots of activities throughout the event.

Some activities may include:

WA Football Activities
A wheelchair circuit activity
Boot scooting and dancing
A silent disco
Cupcake decorating
A collaborative chalk drawing activity
Other interactive games

I can choose which activities I would like to join.

I can participate on my own, with friends, family, or support people.

If I do not want to join an activity, I can watch and enjoy what others are doing.

There will be a sausage sizzle available at the event.

There will also be an ice cream van.

I may choose to purchase food and drinks if I would like to.

If I have any dietary requirements, I can ask a family member, support person, or event staff for assistance.

I can receive a free ice cream by visiting a stall and participating in an activity.

When I complete an activity, I may receive confirmation that I have participated.

I can then visit the ice cream van to collect my free ice cream.

If I am unsure what to do, I can ask a volunteer or event staff member for help.

Everyone experiences events differently.

I can choose what activities I would like to do.

I can take breaks when I need them and visit the Time Out Space at any time.

The International Day of People with Disability event is a place where everyone is welcome, included, and valued.

I hope to have fun, learn new things, and connect with my community.
